Funkalala

DJ Toaster

Area4

info available to VIP
ticket holders

New boundaries in Space and time.

In order to establish BLISS we're using somewhere people know and are comfortable with: SPACE, a club many consider to be the best in Auckland. Older dance fans think real raves don't happen any more; the younger have never experienced one. So we're making it safe to try BLISS by using somewhere you know. This will not be your usual Space night. We're creating new areas in and beyond the club for the first time.

Extras

We like nice surprises, so we're not going to tell you what to expect. All we can say is, it will be different from anything you've experienced in Auckland. We think it will be better. Back to the old skool rave, and beyond, by people who know what good parties should be like. Prizes on the door for best costume. Mention BLISS to First Scene costume hire and they'll give you 15% off
